AI-NET PLUS Features

1. What is AI-NET PLUS?

AI-NET PLUS is a **timed bid-up auction** service provided by AI-NET. We connect **local auction events, rental companies, and leasing companies** and list their machines on the AI-NET PLUS platform. Bidders can participate in timed auctions remotely with real-time bidding updates.

This is the **first phase** of the service focused on **construction machinery**, and we plan to expand to additional categories in the future.

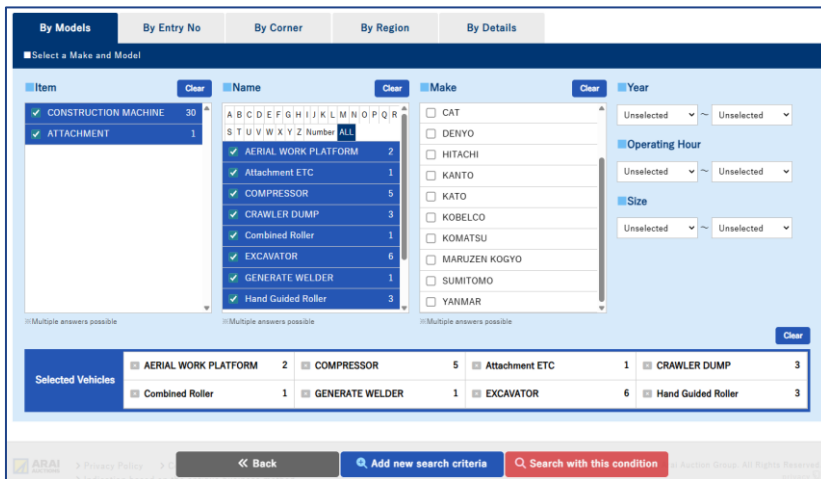

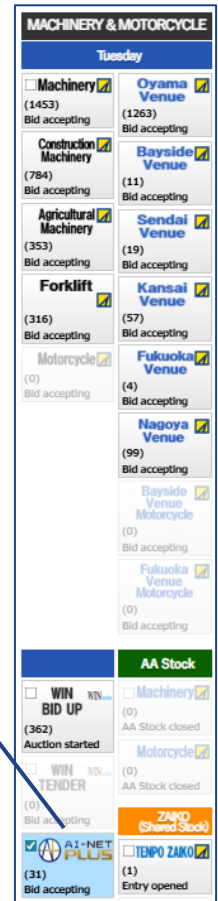

2. Who Can Use AI-NET PLUS?

AI-NET PLUS is available exclusively to users subscribed to the **AI-NET Premium Plan**.

3. Where to Access AI-NET PLUS

You can participate in AI-NET PLUS auctions directly on AI-NET:

- Log in to AI-NET
- Go to Search > Advanced Search
- Under the Machinery & Motorcycle section, scroll down
- Check the AI-NET PLUS icon
- Click Next
- Select: Item > Name
- Click Search to display the listing results
- Click the Bid button to open item details and start bidding

4. How to Bid on AI-NET PLUS

When bidding, you can choose between:

① Single Bid Mode

- You enter **one specific bid amount**, and it will be submitted exactly as entered.
- No automatic increments
- Ideal if you want to place a controlled bid only once
- If another bidder outbids you, you must manually place a new bid

② Auto Bid Mode

- You enter your **maximum bid amount**, and the system will automatically increase your bid in small increments on your behalf only when needed.
- Helps you stay competitive without repeatedly bidding
- Your maximum amount stays hidden from other bidders
- The system stops bidding once your max price is reached

The screenshot shows a bidding interface with the following elements:

- Current Price:** ¥ 10,000
- Warning:** Placing Bid may not be accepted when it close to start.
- End Time:** 2025/12/1 9:00
- Remaining Time:** 8日 21:01:31
- Number of Bids:** 1
- Bid Increment:** ¥ 10,000
- Bid Mode Selection:** Two buttons, "Single Bid" (highlighted with a yellow circle 1) and "Auto Bid".
- Single Bid Input:** A field labeled "Single Bid *" with a "¥" symbol, containing the value "20000" (highlighted with a yellow circle 2). It includes "+" and "-" buttons.
- Email Input:** A field labeled "Email *" with the placeholder "Enter Email Address" (highlighted with a yellow circle 3).
- Place Bid Button:** A large blue button labeled "Place Bid" (highlighted with a yellow circle 4).

Submitting Your Bid

1. Choose **Single Bid** or **Auto Bid**
2. Enter your bid price
3. Enter your email address
4. Click **Place Bid** to submit
5. Agree to the Terms of Use and confirm your bid

Important:

- Once submitted, bids **cannot be cancelled**
- Each new bid requires you to **agree to the Terms of Use again**
- After submitting a bid, click the **Status button** to refresh your bid status before placing another bid

The screenshot shows a "Bid Confirmation" dialog box with the following elements:

- Header:** Bid Confirmation
- Question:** Are you sure you want to place a bid at this amount?
- Table:**

EntryNo	Name	Bidding type	Bid amount
01001	COMPRESSOR	Single Bid	¥10,000

- Warning:** ※ Once submitted, **cancellation or bid reduction is not allowed.**
- Buttons:** "Cancel" and "OK"

The screenshot shows a set of control buttons:

- Status:** A button with a refresh icon.
- Watch List:** A button with a heart icon.
- Your Top Bid:** A button with a crown icon.
- Item Selection:** Four buttons labeled "A", "B", "C", and "D".

5. Bid Notifications (Email Alerts)

- You will receive several email notifications during the auction:
- **AI-NET PLUS Bid Submission Confirmation**
→ Confirmation that your bid has been placed
- **AI-NET PLUS Outbid Notification**
→ Sent when another bidder places a higher bid than yours
- You can continue bidding as many times as you wish until the auction ends.

6. After the Auction Ends

Once the auction period finishes:

1. You will receive 「【AI-NET PLUS】オークションご参加ありがとうございます」 as an end-of-auction notification.
2. AI-NET will submit the **highest AI-NET PLUS bid** to the physical auction venue **on your behalf**.
3. The venue will evaluate the bids and determine the final result.

Please note:

The highest bid on AI-NET PLUS **does not guarantee a successful purchase**, as the final decision depends on the auction venue.

4. Once the result is confirmed, we will send the **final result email** to you.

7. Auction Duration

The bidding period varies depending on the auction organizer.

- Some items may be available for **a few days**
- Others may remain open for **up to a week**

Please make sure to place your bids **before the deadline**.
